Cancer Services, 6316 Mutual Drive, Fort Wayne, In 46825 -
Or join us via Facebook live by visiting Fort Wayne Medical Oncology Hematology’s page

5:00-6:00pm - CPAN Educational Event

- Learn about the CPAN Fort Wayne Medical Oncology Hematology chapter of the national organization, the Community Oncology Alliance, a Washington, DC based organization that advocates to preserve community oncology practices and the patients we serve.

- Gain information about the positive impact community oncology plays in ensuring that patients always get the right individual cancer treatment, and understand why high-quality, community oncology settings cost less than other sites of patient care.

- Hear highlights of community oncology’s role ensuring that a patient’s medical needs are the first and only requirement for cancer care.

6:00-7:00pm Town Hall event with Dr. Lakshmi Aggarwal

- During this open forum you can ask questions about any issues you would like to learn more about.*

*Please submit your questions ahead of time via email lpoyer@fwmoh.com or call 260-969-7878. This will allow time for our physician to adequately research your questions and make the best use of the allotted time.
